How does the private Tesla rental work?

You provide us your private Tesla on selected days or weeks for rental. During this time the vehicle remains with you and can still be used privately.

Once a booking is made, we will conveniently inform you via WhatsApp or email about the details. Our team will pick up the Tesla from you, handle the cleaning, delivery, and customer service. After the rental period, we will return the cleaned Tesla to you.

Payment for the rentals will be transferred directly to your account at the beginning of the following month.

teslify

Conditions

- Only Tesla Model S, 3, X & Y Long Range or Performance / Plaid
- Collection address around Zurich
- Insurance policy for multiple drivers

Process private rental

1. A rental or booking request is received by *teslify*
2. You will receive a WhatsApp message or email with the rental details
3. A team member will pick up the vehicle from you, and the key handover will be done either in person or contactless
4. *teslify* will handle the delivery, customer service, return, cleaning, and charging of the vehicle
5. After the rental period, *teslify* will return the vehicle to you, and the key handover will again be done either in person or contactless
6. At the beginning of the following month, you will receive your rental share

For each rental, a handover protocol is created between you and *teslify*.

Insurance

Required conditions in your insurance policy:

- Please request a written permission from your insurance company, to be able to rent out your Tesla occasionally
- Fully comprehensive insurance incl. young driver with deductible up to max. CHF 2'000
- Partial cover insurance incl. parking damage
- Vehicle liability insurance

- Breakdown and roadside assistance for Switzerland & Europe (e.g. with TCS)

Would you appreciate support in finding an insurance company? We are happy to assist you.

teslify

Damages during the rental period

If damage occurs during the rental period we will forward the necessary information about the driver and the incident to you. You have two options:

1. **Report the damage to your insurance:** Notify your insurance company of the damage and handle the repair through your policy, especially if the damage amount exceeds your deductible. In this case you will receive up to CHF 2'000 from the tenant.

2. **Repair the damage without involving insurance:** Have the repair done without filing an insurance claim if the repair costs are below your deductible. In this case you will be fully reimbursed for the repair costs up to CHF 2'000 by the tenant.

We will transfer the deductible to you along with the rental income. You are responsible for service orders and repairs on the Tesla

teslify

Your revenue share

You will receive **50% of the rental price** that our customer pays for the Tesla rental (including the specified kilometers). The kilometers for delivery and return (throughout Switzerland) as well as the trips to the car wash are provided to us free of charge. You will receive a **75% share** of the customers' **additional kilometer** charges.

The app access will be provided free of charge to the tenants and us during the entire rental period.

The current prices apply according to our website. We will inform you in advance about any price changes.

teslify

What information do we need from you?

- Name & Adress
- Details of your Tesla (Model, configuration, additional upgrades such as Autopilot, interior, etc.)
- Photos of your Tesla (without stickers, without people)
- Insurance policy
- Vehicle registration document

Do you have any further questions? We look forward to collaborating with you.
